RE: *United States v. Anthony Ellison*,  
21-cr-673 (ALC)

Dear Judge Carter:

This status update is submitted on behalf of my client Anthony Ellison. Having reviewed the transcripts I realized that the transcripts for the last three days of trial were not on the docket. I only received the missing transcripts this afternoon. After discussion with my client, it is respectfully requested that the sentencing, currently scheduled for March 6, 2025, be adjourned for two weeks, until March 20, 2025.

The government, through A.U.S.A. Jonathan Rebold, does not object to this adjournment on the understanding that this will be the final adjournment request and no further extensions will be sought.

Respectfully submitted,

  
Meredith S. Heller
